Benedictine Tutors
K-12 Tutor/Summer Camp Leader
- Help children K-12 with homework from any subject. Utilized Texas Certified learning material to help children catch up or get ahead.
- Tested STAAR Material with children and helped them improve their test grades
- In Summer Camp, we worked with the certified learning material as well as STEM toys and had an essay-writing mini camp.

Certifications

C++, Java, JavaScript, C# -SoloLearn

Projects

NCAS program
- Took summer program to qualify for Fall onsite experience
- Once onsite, I worked with a team to construct a prototype rover to collect objects and scan for materials.
- I worked on the design and coding of the rover.

Race N Rumble
- Multiplayer videogame designed in Unity
- Project Available on GitHub

Web Based Visualization
- I am currently designing a 3D data visualization system for the web. It's main use will be for compiling 3D vector field data remotely.
- This is a NSF REU project.
