EXPERIENCE

Developer Intern| NASA JSC | 08/2019 – 12/2019

I created new front ends for NASA Sites managed by the Open Innovation Team, developed a Github backup to an AWS S3 bucket while also running a private key leak check, and developed an AR Interface for our public code listings

Undergrad TA | Univ. of Houston | 08/2019-12/2019

I guided and graded assignments for a Game Art and Animation class, where students used Photoshop and Unity to design and create a 2D prototype game.

Sales Associate | Lane Bryant | 08/2018-08/2019

I worked the sales floor and helped women find the perfect clothes for their occasion! Whether it's a nice cruise, a formal meeting, or just gathering clothes for a great price, I am there to help!

K-12 Tutor | Benedictine Tutors | 12/2017-08/2018

I helped children K-12 with homework from any subject, utilized Texas Certified learning material to help children catch up or get ahead, I tested STAAR Material with children and helped them improve their test grades.

Cashier/Stock | Office Depot | 1/2017-12/2017

Front Desk | West Campus Library | 08/2015-12/2016
